\*FACILITIES INSPECTED: Location and plugged well.

REMARKS: Well is plugged with cement to 6" below ground level. Hole is covered by  
a barrel seated in an old tire. No marker present.

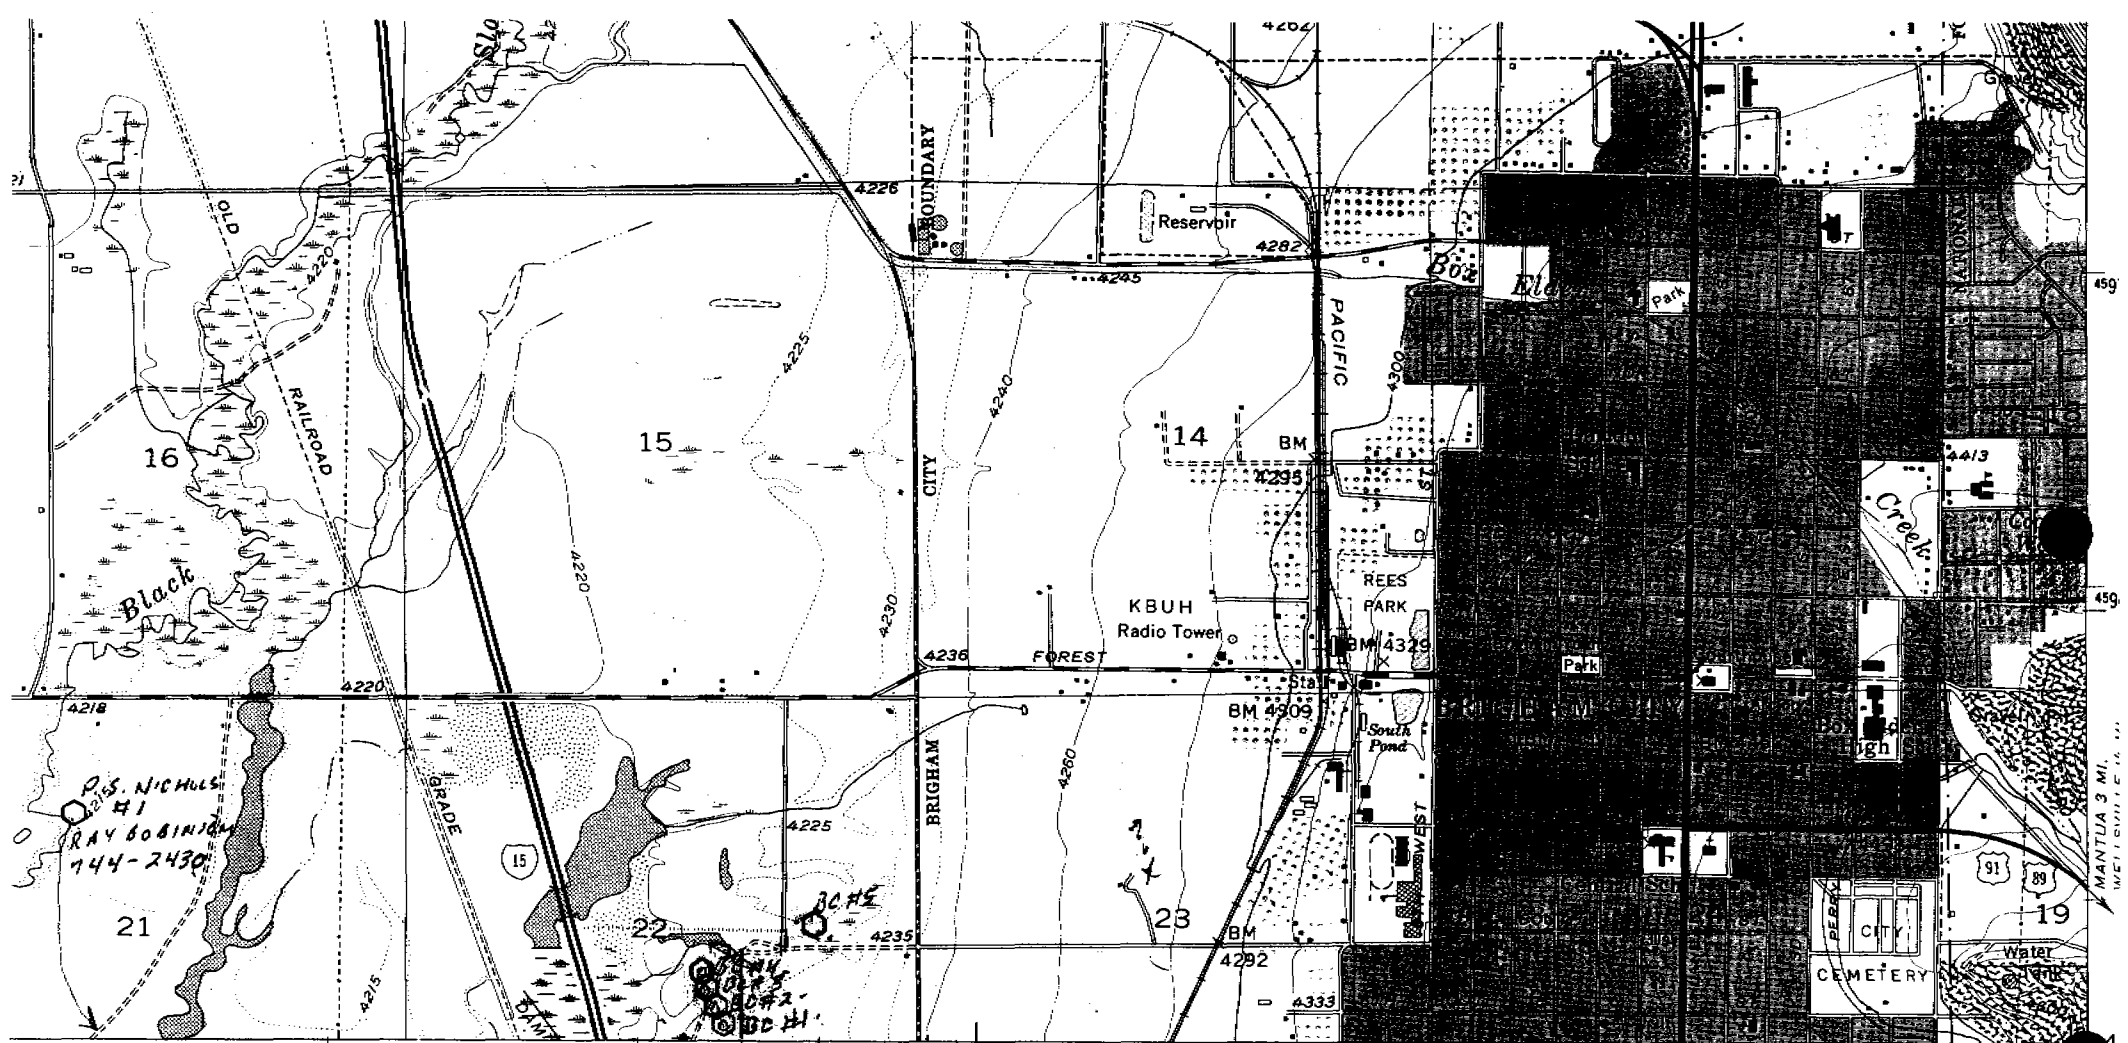

ACTION: None--original operator is unknown. The current setup prevents accidents  
involving humans or animals. No further inspection necessary.

REMARKS: Spud in: Quaternary Lake Sediments. Bottom in: ?  
Gas shows. Well has been bubbling gas at the surface for over 50 years.

(Information obtained from Edgar B. Heylmun, 1961, who got it from a personal report which did not contain any other information except what is on the card.)
